Arven T200 Tow Behind Sprayer

Arven T200 Tow Behind Sprayer

For Deodorising, Disinfecting or Eradicating insects over large areas

Ideal for Landfil Sites.

The T200 has:

- * 50mm Ball Hitch
- * Suction Filter
- * Pneumatic Tyres
- * 3 Section control with pressure control and main on/off
- * Engine/pump unit (25L min diaphragm pump/3HP unleaded petrol Honda engine)

With 3 nozzle bodies and 3 sets of misting nozzles attached to a flag pole up to 2 metres in height, they can be lowered on a hinge to make transportation around site easier.

The 3 nozzles work independently of each other:

- * 1 nozzle for low odour coverage
- * 2 nozzles for medium odour coverage
- * 3 nozzles for high odour coverage

The 200L tank will run at full power for 10 hours.

All machines carry a declaration of conformity and a 1 year parts and labour warranty, and are set up and demonstrated by our trained staff to your requirements.
