SECTION 5

HARNESSES & LANYARDS

FP10 2 POINT HARNESS PLUS

Ergonomic, lightweight basic harness with a sliding dorsal D-Ring. Features two chest D-Rings and flat bar buckles that are easy to use and fail safe. Constructed using nylon webbing straps. The chest and leg adjusters offer excellent fit and user comfort. CE certified

FP12 2 POINT HARNESS

Lightweight harness with a sliding dorsal D-Ring. Features two chest loops and an adjustable quick release chest strap. Constructed using polyester webbing straps. CE certified

FP14 2 POINT HARNESS COMFORT

Ergonomic harness with a sliding dorsal D-Ring. Features a breathable contoured backpad, two side D-Rings and flat bar buckles which are easy to use and fail safe. Constructed using polyester straps for ultimate durability. The waist, chest and leg adjusters offer excellent fit and user comfort. CE certified

FP15 2 POINT HARNESS COMFORT PLUS

This full body harness, with a breathable contoured backpad, provides ultimate comfort and safety when working at height. Featuring an extended D-Ring shoulder strap arrangement for easy dorsal fittings and two side D-rings. CE certified

FP18 3 POINT HARNESS COMFORT PLUS

This universal harness incorporates all fall arrest and protection needs in one. Features include two chest loops, two side D-rings, sliding dorsal D-ring, two seating loops and two lower back rings. Fully adjustable with shoulder, back and seat padding for extra comfort. CE certified

FP21 SINGLE LANYARD

CE certified
Superior strength
Loops protected by abrasion resistant thimbles
Suitable for a wide range of applications

FP25 DOUBLE LANYARD WITH SHOCK ABSORBER

The double end lanyard has two 120cm ropes with a tear open energy absorber, two scaffold hooks and one snap hook. 180cm in total including scaffold hooks and snap hook. CE certified

FP30 CARABINER

CE certified

SECTION 5

HARNESSES & LANYARDS

FP41 STEEL ROPE FALL ARREST BLOCK

Retractable lifeline made of wire rope which is stored on a reel within a protective housing. The reel is spring-based to wind the retractable lifeline in. The reel has an inertia brake mechanism, which allows the lifeline to be slowly extracted and automatically retracted to accommodate the user's body movements. CE certified

FP48 SELF RETRACT LIFELINE

1.35 metre retractable webbing lifeline including a carabiner, shock absorber and swivel snap hook with double safety lock and load indicator. The webbing is manufactured using ultra high molecular weight polyethylene. This next generation arrest block is high strength, light weight, UV resistant and water resistant. CE certified

FP49 HELMET LANYARD

Introducing the ultimate in helmet safety, the helmet lanyard is essential when working at height. One end of the lanyard attaches to the helmet and the other end attaches to the users clothing, preventing the helmet from falling and causing injury.

FP52 DOUBLE LANYARD ELASTICATED WITH SHOCK ABSORBER

This double ended elasticated lanyard features a shock absorber, two scaffold hooks, a carabiner and is made from elasticated polyester webbing. It is 180cm long including connectors when fully extended. CE certified
